Opis

Abalon Motorized Track for Curtains With Remote Control, 1 to 3 meters, Motor Wifi compatible with Alexa, Google Home, Smartphone App, Smart Home, Electric Curtain Tracks, Motorized Curtain Rods (DIY)

Producent: ABALON

This motorized curtain track from Abalon allows you to easily open and close your curtains with just a few clicks on your smartphone, voice control with Alexa or Google Home, or using the included remote control. The kit comes with everything you need for easy installation, and you can choose between the center or side opening options for your curtains. It can handle a maximum weight of 50kg and comes with a 3 year warranty for the motor.

This electric curtain track can be installed on the ceiling or wall, and its motor is hidden behind the curtain for a sleek and modern look. The track is made of durable aluminium and comes in a stylish white color. You can also operate the curtains manually, and the motor has an intermediate position setting between the opening and closing positions.

The kit is available in various lengths up to 6 meters, and it is easy to assemble and install with the included video and installation book. The Abalon Motorized Curtain Track is the perfect addition to any smart home, allowing you to control your curtains with ease while adding a touch of luxury to your decor.

- This kit is maximum 3 meters (KITs available: 2,3,4,5 and 6 meters). It can be controlled with Alexa, Google Home, a Mobile App or any other device that can be synchronized using Wifi. It also can be controlled by a remote control and has a 3 year warranty.
- Videos of assembly and installation are available (english, german, italian, french, spanish): abalontracks.com
- The curtain can be operated manually. The motor is hidden behind the curtain, being imperceptible to the naked eye. You can choose between the two opening models: center or side. The motorized rail can be installed on the ceiling or the wall.
